PROSPECTUS

St. John's

National Academy of
Health Sciences

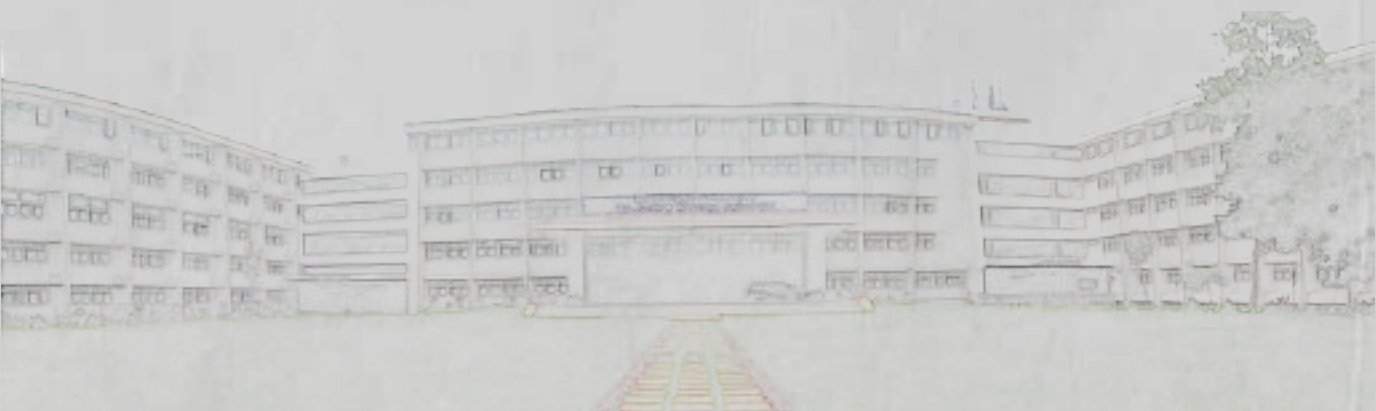

The Catholic Bishops' Conference of India (CBCI) established St. John's Medical College in Bengaluru in 1963 with the aim of training healthcare personnel committed to serving the poor and the marginalized. It was dedicated as a memorial of the XXXVIII International Eucharistic Congress held in Bombay in 1964 and named after St. John the Baptist, the Patron of Pope John XXIII, who was an ardent supporter of this initiative of the Catholic Church in India.

St. John's Medical
College

VISION

**"A world where quality healthcare
is accessible and affordable
even to the poorest"**

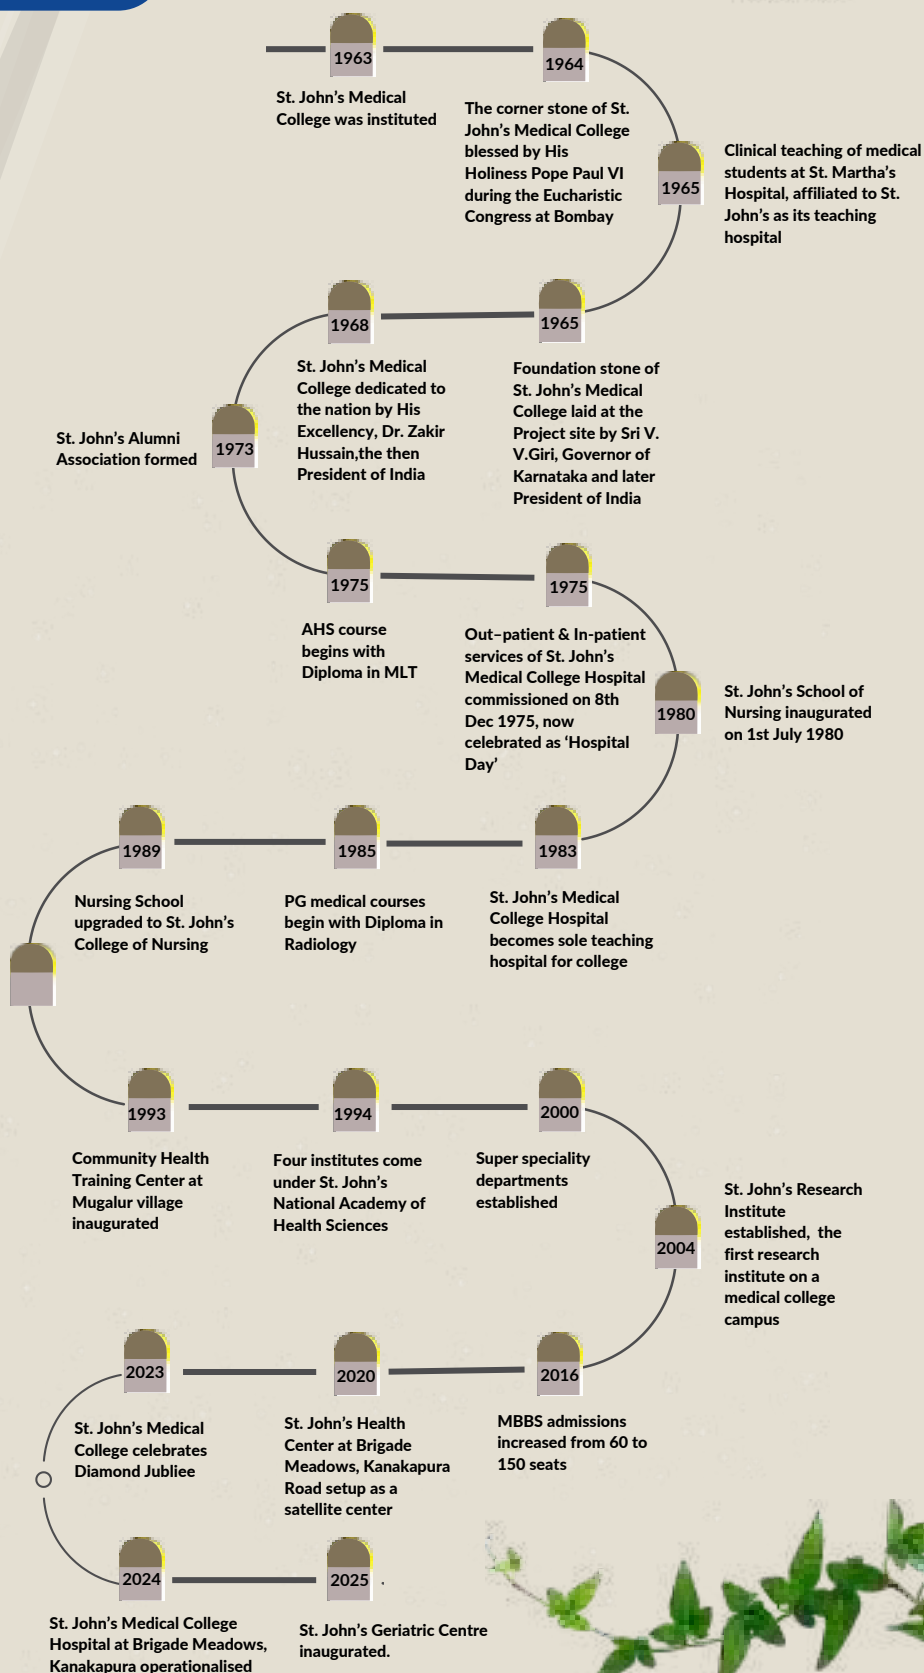

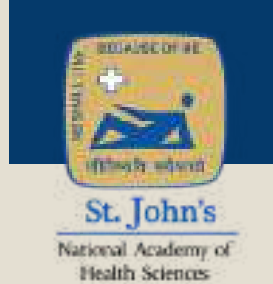

MISSION

**"Education and empowerment of healthcare personnel
committed to serve,
especially the underserved,
with integrity and compassion,
in the spirit of Christ."**

MILESTONES

St. John's strives for academic excellence, service to society, and a holistic approach to the health of the community.

In the Indian context, an effective health care system is a challenge. Considering our growing population, varying socio-economic status, varying access to health facilities, today's Health Care Professionals are required to play an active role to face this challenge.

St. John's Medical College, Hospital and the Institute of Allied Health Sciences were founded to respond to such a challenge and to help meet the healthcare needs of our people.

The Institution prepares students to be future leaders, loyal to the highest ideals of the health profession, and at the same time conscious of the social, and economic transformation necessary for healthy human existence.

It encourages doctors, nurses, allied & healthcare personnel to work as a team in the delivery of holistic health care, and where required rise up to the role of leaders in society helping in developmental activities, to improve the overall well-being of our people.

Leadership and Faculty

St. John's National Academy of Health Sciences

St. John's Medical College (1963)

St. John's Medical College Hospital (1975)

St. John's Institute of Allied Health Sciences (1975)

St. John's College of Nursing (1980)

St. John's Research Institute (2004)

Medical Courses

• Undergraduate Course : MBBS

• Postgraduate Courses

- MD. Anatomy
- MD. Physiology
- MD. Biochemistry
- MD. Pharmacology
- MD. Microbiology
- MD. Pathology
- MD. Forensic Medicine
- MD. Community Medicine
- MD. Radio-diagnosis
- MD. Psychiatry
- MD. Dermatology
- MD. Family Medicine
- MD. Emergency Medicine
- MD. Transfusion Medicine
- MD. Physical Medicine & Rehabilitation
- MD. Radiation Oncology
- MD. Paediatrics
- MD. Anaesthesiology
- MD. General Medicine
- MS. General Surgery
- MS. Orthopaedics
- MS. Obstetrics & Gynaecology
- MS. Otorhinolaryngology (ENT)
- MS. Ophthalmology

• Super-Specialty Courses

- DM Cardiology
- DM Endocrinology
- DM Neonatology
- DM Nephrology
- DM Neurology
- DM Gastroenterology
- DM Pulmonary Medicine
- DM Paediatric Nephrology
- DM Critical Care Medicine
- M.Ch. Surgical Oncology
- M.Ch. Gynaecological Oncology
- M.Ch. Plastic surgery
- M.Ch. Paediatric surgery
- M.Ch. Neuro surgery
- M.Ch. Urology

• DNB Courses

- DrNB Paediatric Intensive Care
- DrNB Clinical Haematology
- DrNB Rheumatology
- DrNB Medical Oncology
- FNB Paediatric Hemato Oncology
- FNB Spine Surgery
- DNB Pallative Medicine

St. John's
National Academy of
Health Sciences

Medical Courses

• Fellowship Programs

University Affiliated

- Fellowship in Paediatric Nephrology
- Fellowship in Paediatric Intensive Care
- Fellowship in Child Psychiatry
- Fellowship in Paediatric Dermatology
- Fellowship in Dermato-surgery
- Fellowship in Dermato-pathology
- Fellowship in Sports injury & Arthroscopy
- Fellowship in Sleep Medicine
- Fellowship in Neuro & Vascular Interventional Radiology
- Fellowship in Palliative Care

Medical Association/Society Affiliated

- IDCCM Fellowship in Critical care
- IFCCM Fellowship in Critical care
- IAP Fellowship in Paediatric Intensive Care
- IAP Fellowship in Developmental & Behavioral Paediatrics
- Fellowship in Paediatric Pathology
- AFPI Fellowship in Family Medicine
- ISNACC & NCSI Fellowship in Neuro-critical Care

Departmental Fellowships/Certificate Courses

- Post Doctoral Course in Clinical Cardiology & Echocardiography
- Certificate course in Clinical Cardiology
- Certificate course in Emergency Medicine
- Fellowship in Consultation Liaison Psychiatry
- Fellowship in Interventional Radiology
- Fellowship in Multiple Sclerosis & Neuroimmunology
- Fellowship in Minimally Invasive Neurosurgery
- Fellowship in Paediatric Haematology
- Fellowship in Surgical Critical Care

• PHD Programs

- | | | |
|----------------|----------------------|-------------------------|
| • Anatomy | • Microbiology | • Anaesthesiology |
| • Physiology | • Pathology | • Molecular Biology |
| • Biochemistry | • Community Medicine | • Paediatric Nephrology |
| • Pharmacology | • General Medicine | • Psychiatry |

Allied Health Sciences

• Bachelor's Courses

- B.Sc. Anaesthesia & Operation Theatre Technology (AOTT)
- B.Sc. Emergency and Trauma Care Technology (ETCT)
- B.Sc. Medical Imaging Technology (MIT)
- B.Sc. Medical Laboratory Technology (MLT)
- B.Sc. Perfusion Technology (PT)
- B.Sc. Renal Dialysis Technology (RDT)
- B.Sc. Radiotherapy Technology (RT)
- B.Sc. Respiratory Care Technology (RCT)

• Master's Courses

- M.Sc. MLT Clinical Biochemistry
- M.Sc. MLT Haematology & Blood Transfusion
- M.Sc. MLT Microbiology & Immunology
- M.Sc. MIT Medical Imaging Technology

• Physiotherapy

- Bachelor of Physiotherapy (BPT)
- MPT Cardio-vascular & Pulmonary Sciences
- MPT Community Health
- MPT Musculoskeletal Sciences
- MPT Neurological Sciences
- MPT Paediatrics

• Hospital Administration

- Master of Hospital Administration (MHA)
- Diploma in Hospital Administration (DHA)

Nursing Courses

- **Diploma**

- General Nursing and Midwifery

- **Bachelors**

- B.Sc. Nursing
- Post Basic B.Sc. Nursing

- **Masters**

- Nurse Practitioner in Critical Care
- Medical-Surgical Nursing
- Obstetric & Gynaecological Nursing
- Pediatric Nursing
- Psychiatric Nursing
- Community Health Nursing

- **Doctoral**

- Medical Surgical Nursing

Admission Bulletin

“He shall live because of Me”

St. John's Medical College

St. John's Medical College has been consistently ranked among the top ten private medical colleges in India.

The Institution is situated on a sprawling verdant 140-acre campus in Bangalore city. The campus boasts of state of the art facilities for teaching and learning, including lecture halls, laboratories, department museums, library and auditoria. Its commitment to academic excellence is vindicated by the seven Rhodes Scholars among its students, the highest for any medical college in the country.

St. John's! With pride my song resounds;
I hail thy pennant blue, gold, white.
St. John's! Thy spirit in me sounds;
Be thou my guide my beacon light.

Social Obligation Service

The MBBS Batch of 1973 was the first group of students who were required to sign a commitment to serve in a rural area of India for a period of two years. Over the past 50 years, hundreds of graduates from St. John's Medical College have provided their services to the underserved areas across India. Students have worked in small primary care centres located from Kashmir to Kanyakumari, from Gujarat and Rajasthan to Manipur and Nagaland, and even in the Andaman Islands. The number of centres recognized for this social obligation scheme has grown from a mere two dozen to 360, including hospitals serving special underserved groups like HIV positives, physically challenged and the elderly.

The social obligation service also emanates from the fact that our medical students have learned their skills at the bedsides of poorer patients in the hospital. Hence this is a means by which our medical graduates return to society what they have gained from this form of training, while fulfilling the mission of St. John's to serve the underserved. Currently 250 students from the recently graduated batches are pursuing their Social Obligation Service in various parts of the country. Over the years, about 70% of our students have fulfilled their commitment and about 20% of our graduates have continued to dedicate their lives in serving the underserved.

Library

Zablocki Learning Centre

The Zablocki Learning Centre acts as a hub for academic activity and includes a the Maliakkal Library, reading room, audio visual and computer lab. It boasts subscriptions to over 200 international and national medical journals and houses over 44,000 textbooks. The digital section also has computers, internet access, audio-visual teaching-learning material and is equipped with resources for research including e-journals, e-books and access to online digital libraries.

St. John's Medical College Hospital

St. John's Medical College Hospital is the teaching hospital attached to the medical college, it is an NABH and NABL accredited hospital, has 1800 inpatient beds and receives over 3000 out-patients a day. The hospital has 40 broad specialty and super-specialty departments, including family medicine, immunology, rheumatology, molecular biology and genetics, nuclear medicine, and various oncology departments. It also includes one of the city's largest Emergency Medicine and Critical Care departments.

The Unit of Hope stands out as a unique multidisciplinary facility designed to provide comprehensive care for differently abled children. The hospital also prides itself on its cutting-edge diagnostic laboratories and advanced radiological services, as well as robotic surgery.

ST. JOHN'S
COLLEGE OF NURSING

St. John's College of Nursing

St. John's College of Nursing holds a long-standing reputation for excellence in nursing education all over India. The college focuses on producing competent and compassionate nurses. The institution is equipped with modern facilities, advanced laboratories, simulation centre and well-stocked libraries, which support a robust learning environment. Its strong active alumni network provides networking opportunities for current students

Holistic Education at St. John's

Department of Ethics: St. John's Medical College was the first medical school in the country to teach ethics to its medical graduates, ensuring that they have an in-depth understanding of how to handle ethical dilemmas in health care.

Department of Medical Education: The Department of Medical Education at St. John's Medical College has been designated by the National Medical Commission of India as one of only ten national nodal centres for medical education. The Department trains medical college faculty not only in St. John's but also from entire South India in basic and advanced medical education technology as well as in innovative learning and assessment methods like problem based learning, skill-based learning and objective structured practical examinations.

Community based learning programs: The Department of Community Health provides experiential community-oriented training to its students through programmes such as Rural Orientation Program (ROP), Community Health Action Program (CHAP), Urban Orientation program (UOP) and The Family Adoption program (FAP). These uniquely curated programs impart value-based education, and an immersive, experiential learning making medical students sensitive to health needs of our society.

Division of Humanities and Health: St. John's Medical College was the first medical school in the country to start a Division for Humanities and Health recognising its importance in the formation of a humane doctor, by stimulating dialogue between society and health practitioners by means of debate, drama, art, music and reflective writing.

Major General S.L Bhatia History of Medicine Museum: This museum on campus is listed in the Directory of Museums by the Govt. of India. It provides unique global, historical and evolutionary perspectives in medicine.

St. John's Medical College Research Society: This was created to build research capacity amongst our faculty and students. It provides small grants to young researchers, facilitates a students' research mentoring program, conducts certificate courses on Research Methodology, Epidemiology and Biostatistics, and also publishes the St. John's Medical College Journal.

St. John's Alumni Skills Lab: is a state-of-the-art training facility that plays a crucial role in providing hands-on training and practice to students. It serves as a simulated environment where students can learn and refine essential clinical skills under supervision before applying them in real patient care settings with confidence and competence.

Research Institute

St. John's Research Institute (SJRI) was the first stand-alone research institute on a medical campus in the country. SJRI was set up with a commitment to pursue excellence in research, to make a significant impact on infectious, non-communicable diseases and cancer in India through clinical research. The institute conducts training, provides laboratory facilities and supports the running of grants, enabling the translation of clinical problems from bedside to bench to bedside, from the communities to lab and vice-versa.

It is the only institute in the country recognised by IAEA for research using stable isotopes. SJRI runs collaborative programs with several prestigious international universities including Harvard, McMaster and University of California.

A glimpse into the vibrant tapestry of life at St. John's

Sports

Cultural Activities

Life on Campus

SPORTS

Student life at St. John's Medical College extends far beyond academic pursuits and coursework. The campus offers a diverse range of sports and recreational activities. With basketball and volleyball courts, football and hockey fields, tennis courts, cricket grounds, and a 400m athletic track, students have ample opportunities for physical activity. Additionally, facilities like a gymnasium, badminton court, and indoor games area for table tennis, chess, and carroms contribute to a well-rounded experience. Students participate in inter-class and inter-college sporting events as well as at the university level. The annual Isaac 'Memorial Hockey Tournament', organized by alumni, holds significance in the city's sports calendar.

CULTURALS

Cultural life thrives on campus with student-led initiatives such as "Spotlight" (theatre group), "Ecologics" (environmental group), and "The Quillosophical Society" (literary group), fostering holistic development. Alongside inter-class cultural and sports events, signature programs like "Jingle Rock" (Annual Christmas program), "Autumn Muse" (Annual College Cultural Fest), and "Innervate" (medical fest) enhance the vibrant atmosphere, drawing participation from medical colleges nationwide.

St. John's prioritizes the psychospiritual and emotional wellbeing of its students, offering avenues for spiritual nurture through chapels, daily Eucharistic services, annual retreats, and a Student Prayer Group. Professional support is available through a qualified Student Counselor, Vice Deans, course coordinators, and hostel wardens, ensuring mentorship and emotional assistance.
